

MD 500

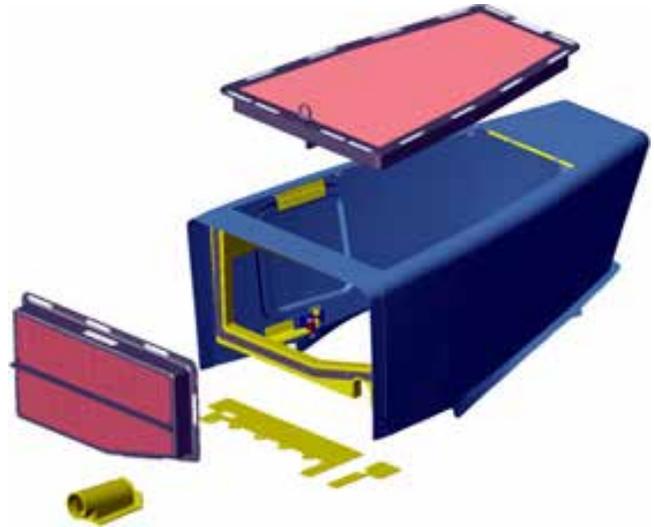

AH/MH-6J/M

Mission Enhanced Little Bird

## Part Number 102200-101

Fielded and proven on U.S. Army helicopters in the most extreme desert conditions, this commercially certified MD 500 IBF system is utilized on the AH 6 and MH 6 helicopters flown by the 160th Special Operations Aviation Regiment. The system delivers more power for the toughest mission, on board the new Mission Enhanced Little Bird (MELB).

When the rocket red glare is flying, your engine is breathing easy, just like it should be on any lethal weapons platform.

AH/MH-6J/M Little Bird
